

# Magic Moon 4/4

*Taysikuu by Toivo Karki*

**L** . . Magic | moon | you are the wonder of a | velvet midnight | sky,  
**M** magic | moon, | you paint the world with silver | stain as you go | by.  
**L** You | see how some must | love in vain while | some will find their | own  
**M** but | all the time you're | far away and | always all a | lone.

**L** Magic | moon, | I need your help to find the | lone I'm dreaming | of,  
**M** magic | moon| when you have found her | wont you | tell her of my | love  
**L** and | shower her with | all your glory, | make her wait for | me!  
**M** Magic| moon, | I hope you find her, magic | moon! |--|

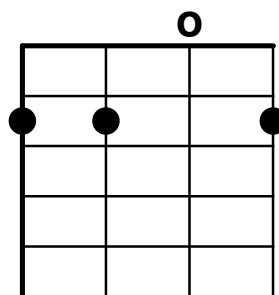

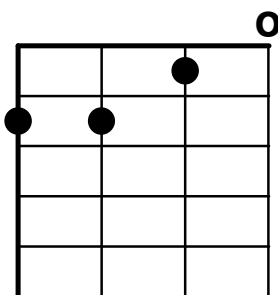

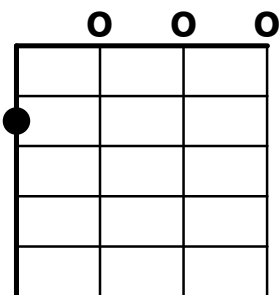

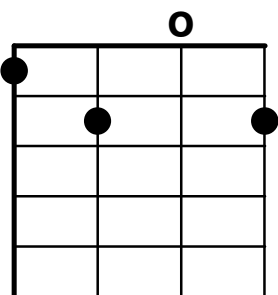

**M** Magic| moon, | I hope you find her, magic | moon! |--|
