

# Third Man Theme

**C**  
When a zither starts to play **G7** You'll remember yesterday  
**G7** **G7** **C**  
In its haunting strain Vienna lives again Free and bright and gay  
**C** **G7**  
In your mind a sudden gleam Of a half forgotten dream  
**G7** **C**  
Seems to glimmer when you hear the third man theme

**C** **G7**  
Once again there comes to mind Someone that you left behind  
**G7** **C**  
Love that somehow didn't last In that happy city of the past  
**A7** **Dm** **A7 Dm**  
Does she still recall the dream That rapture so su-preme  
**G7** **C**  
When first she heard the haunting third man theme?

**C** **Am**  
Carnivals and carousels and Ferris wheels and parasols  
**C** **Am**  
The Danube nights, the dancing lights again will shine

**Am** **Am** **G7**  
The zither's sweet refrain Keeps swirling in your brain Like new may wine  
**G7** **G7**  
Strauss waltzes, candle-glow And the laughter of long ago  
**G+ C**  
Fill the magic chords and make it seem like to-day

**C** **G7**  
You never knew that you could be Enchanted by a melody  
**G7** **G7**  
The years will never drive it out You don't know why  
**C**  
It's something you can't live without  
**C** **G7**  
You hear it in the twilight hush And in the morning traffic rush  
**G7** **C** **G7**  
A song that's always new In your heart a part of you Oh

**C** **Dm**  
When a zither starts to play You'll remember yesterday  
**G7** **G7** **Am** **G**  
In its haunting strain Vienna lives again Free and bright and gay  
**C** **Dm**  
In your mind a sudden gleam Of a well remembered dream  
**G7** **C**  
shines so brightly when you hear the third man theme
